CYBER SECURITY POLICY & CYBER CRIESESE MANAGEMENT PLAN

The Cyber space is borderless and actions in the cyber space can be anonymous. Cyber security comprises technologies, processes and controls that are designed to protect systems, networks and data from cyber attacks. Effective cyber security reduces the risk of such attacks, and individuals from the unauthorised exploitation of systems, networks and technologies.

2. In order to protect our organization from the cyber attacks, it is mandatory to follow the preventive and recovery measures. For the preventive actions, **Cyber Security Policy** needs to be followed and in case of recovery, **Cyber Crises Management Plan** to be followed for countering cyber attacks and cyber terrorism. These documents will help to reduce the probability of cyber attacks and control/manage the crises arise in case of cyber attack. These documents are available at [http:// www.dgaeroqa.gov.in/cyber-security.htm](http://www.dgaeroqa.gov.in/cyber-security.htm).

3. The purpose of these policy documents is to protect the organization's assets which require a focus on the three fundamental goals i.e. **Confidentiality, Integrity and Availability**.

4. The audit may be carried out by HQ, DGAQA and/ or Cyber Security Group, Dept. of Defence Production team, for the compliance of these policies. Cyber Security Officers (CSOs)/ Information Security Officers (ISOs), located at the Zones/ Field Establishments, has to go through these policy documents and provide the awareness to employees of DGAQA.
